**INVITATION FOR BIDS FOR
TOLL MANUFACTURING OF HP-AMT
(BIDDING DOCUMENT NO.: 2400016121-HD-09550)
(Domestic Competitive Bidding)**

1.0 INTRODUCTION

- i. M/s Hindustan Petroleum Corporation Limited (HPCL), a Maharatna Public Sector Undertaking, involved in Refining, Marketing and Distribution of Petroleum products has established a world class Research & Development (R&D) Centre with State of the Art Research & Development facilities at Bengaluru.
- ii. HPCL invites bids through e-tendering on Domestic Competitive Bidding basis for TOLL MANUFACTURING OF HP-AMT at HPGRDC from experienced and competent domestic agencies with sound technical and financial capabilities fulfilling the Bidders' Pre-Qualification Criteria (PQC).
- iii. The selection of Agency for TOLL MANUFACTURING OF HP-AMT shall be carried out and bids to be submitted as following:
 - Part 1: Pre-Qualification Bid
 - Part 2: Techno-Commercial bid &
 - Part 3: Priced bid

2.0 JOB SCOPE:

- 2.1 Vendor should arrange the raw materials required for the scale-up and toll manufacturing.
- 2.2 The specifications and source of the raw materials will be provided after the pre-bid-Meeting.
- 2.3 After submission of the signed NDA, required raw materials & suppliers' details, process steps which involves in the catalyst preparation will be shared with the vendor.
- 2.4 Vendor should submit PQC documents along with a techno-commercial offer for the toll manufacturing of the catalyst.
- 2.5 The techno-commercial offer should have a breakup for the cost of raw materials and Manufacturing per kg basis.
- 2.6 After placing LOA/PO, HPCL R&D team will demonstrate the catalyst recipe to the vendor at their locations or HPCL facility.
- 2.7 Vendor should carry out 2 No. of the successive commercial trial (500-1000 kg level) in presence of HPCL R&D team. The techno-commercial offer must include the pre commercial trial.
- 2.8 HPCL R&D will characterize and evaluate the pre-commercial trial batches and provide clearance for the commercial production of MT level.
- 2.9 The QC of the finished product and raw materials are to be tested by vendors and HPCL R&D. The vendor should guarantee the physico-chemical properties of the catalyst. The results of HPCL will be considered as final results.
